

Whether vacationing or attending a trade show at the nearby Porte de Versailles exhibition center, this charming flat makes a great base station. On the highest floor, with modern elevator, it offers a comfortable bedroom, separate kitchen, bathroom and separated water closet. It's all in great condition but with the casual comfort and ease of an established Parisian residence.

While within an easy walk of the trade center, this is a largely residential neighborhood, with a wide variety of shops, cafes and small, local restaurants nearby, including one on the ground floor of the building.

The No. 12 Metro line, which traverses Montparnasse and the St. Germain area before crossing under the Seine to the Right Bank, is a

short walk away. Enclosed car parking also is nearby (extra cost).

The local owner will greet you, offer insights and answer your questions.
